Res. Friend

By request of Edwin H
Coates, I address this note to the the, in
regard to the frames in this box - He
stated to the that the frames could
be made for 80 cts each. The cost has
much exceeded that estimate & he
will charge you \$1.25 per piece
from the price obtained for common
Oak frames at the stores here, I should
think you ought not to tell them for
less than 2.25 to 2.50 each
